Highlights:

The department of Information Technology, Dr. Akhilesh Das Gupta Institute of Technology & Management, New Delhi, organized the International Conference on Advances in Computing and Communication (ICACC - 2021) on 19th – 20th May, 2021 in online mode. After reviewing, only best quality papers were selected.

All the dignitaries graced the event with their virtual presence and valuable words.

Prof. David Brown discussed about Virtual reality (VR) in his lecture. He discussed how virtual reality possesses many qualities that give it rehabilitative potential for people with intellectual disabilities, both as an intervention and an assessment.

Dr. Om Prakash Kaiwartya discussed the benefits of Drone enabled Networking. He also told

that Unmanned Aerial Vehicles (UAV), or drone communication, are emerging areas of research that can be utilized in various domains.
