

Department of Civil Engineering

NEWSLETTER

January 2019 – July 2019

Institute Vision

To produce globally competent and socially responsible technocrats and entrepreneurs who can develop innovative solutions to meet the challenges of the 21st century.

Institute Mission

1. To produce value-based education through multi-grade teaching methodologies and modern education facilities.
2. To sustain an active partnership program with industry and other academic institutes to promote knowledge and resource sharing.
3. To conduct value-added training programmes to enhance employability.
4. To provide a conducive environment for development of ethical and socially responsible technocrats, managers and entrepreneurs.

Department Vision

To produce civil engineers equipped with excellent technical research and leadership skills for globally competent environment.

Department Mission

- M1. To impart quality education through veracity of academics and practical applications.
- M2. To develop research attitude in students to solve civil engineering problems.
- M3. To create a conducive environment that promote project based learning and industry based skillsets.

Program Educational Objectives (PEOs)

- PEO1: Graduate shall have strong fundamentals in Civil Engineering to deliver sustainable and economical solutions to real life problems.
- PEO2: Graduate shall develop excellent communication, technical and leadership skills in interdisciplinary environment as team players and responsible citizen.
- PEO3: Graduate shall, apart from excelling in Civil Engineering, exhibit high human values and professional competence.
