JOB DESCRIPTION & REGISTRATION LINK

Company Name :	TCS Codevita (Season 10)
About Company :	Tata Consultancy Services is an Indian multinational information technology services and consulting company headquartered in Mumbai, Maharashtra, India with its largest campus located in Chennai, Tamil Nadu, India. As of February 2021, TCS is the largest IT services company in the world by market capitalisation. We ensure the highest levels of certainty and satisfaction through a deep-set commitment to our clients, comprehensive industry expertise and a global network of innovation and delivery centers. Our mission is to help customers achieve their business objectives by providing innovative, best-in-class consulting, IT solutions and services and to make it a joy for all stakeholders to work with us. We function as a full stakeholder to business, offering a consulting-led approach with an integrated portfolio of technology led solutions that encompass the entire Enterprise value chain. Our Customer-centric Engagement Model defines how we do engage with you, offering specialized services and solutions that meet the distinct needs of your business. We build bespoke teams around your domain and technology requirements drawn from our talent pool of over 528,748 global professionals including 36.2% women from 157 nationalities. Our domain expertise has been built upon decades of experience working across industries and this knowledge underpins our suite of solutions. Our organization structure is domain led and empowered to help provide Customers a single window to industry specific solutions. Agile industry units have embedded capabilities to enable rapid responses that provide a competitive edge to our Customers. This is coupled with a unique Global Network Delivery Model™ (GNDM™), spanning 40 global locations, that is today recognized as the benchmark of excellence in technology deployment. We have made significant investments in Digital platforms and products spanning Technology Products, Horizontal Platforms and Products, Vertical Platforms and Products.
