

Dr. Akhilesh Das Gupta Institute of Technology & Management

Report on “Placement TALK”

By Sanyam Jain

Dated:	07/05/2022
Department:	Electronics and Communication Engineering
Venue:	online
Timing:	12 pm to 2pm
Objective:	This program aimed to give the platform for placement opportunities by Sanyam Jain who is a student of ADGITM and currently placed in four reputed companies.
Activities:	The HOD of ECE department Prof. (Dr). Niranjan Bhattacharyya, event in charge Ms. Richa Malhotra, and other faculty members welcomed Mr. Sanyam Jain.

He is a student of ADGITM in ECE branch. He has been placed in four reputed companies that are Grab, Yojak, Jpay and Dxc. He has got a highest package of 23.5 Lacs.

Firstly he told the difference between in camp and off camp placement. With the help of various slides, he made it easier for the students to analyse and interpret the various pathways to learn the programming skill along with practicing DSA questions. He emphasised that coding skill is not only needed in programming industry. Scientist, Artist, researchers, data analysts would all have their work cut short using programming skills. As India is turning into digital and start hub so the demand of coding skills has been climbing up. He gave the knowledge on the importance of coding as coding helps to develop range of skills which are essential in today job industry requirements, such as critical thinking, logic, maths, problem solving ability, sequencing and structured language skills. The earlier students start picking up these skills, the more they will prepared for the job interviews in the future. He further added that internships helps to build up our skills and supplement our knowledge. He also encouraged on choosing the field we're interested in rather than allowing somebody else to govern it. In the program we also learnt about the various development courses such as React native, Flutter, Django, Mongoose and Node

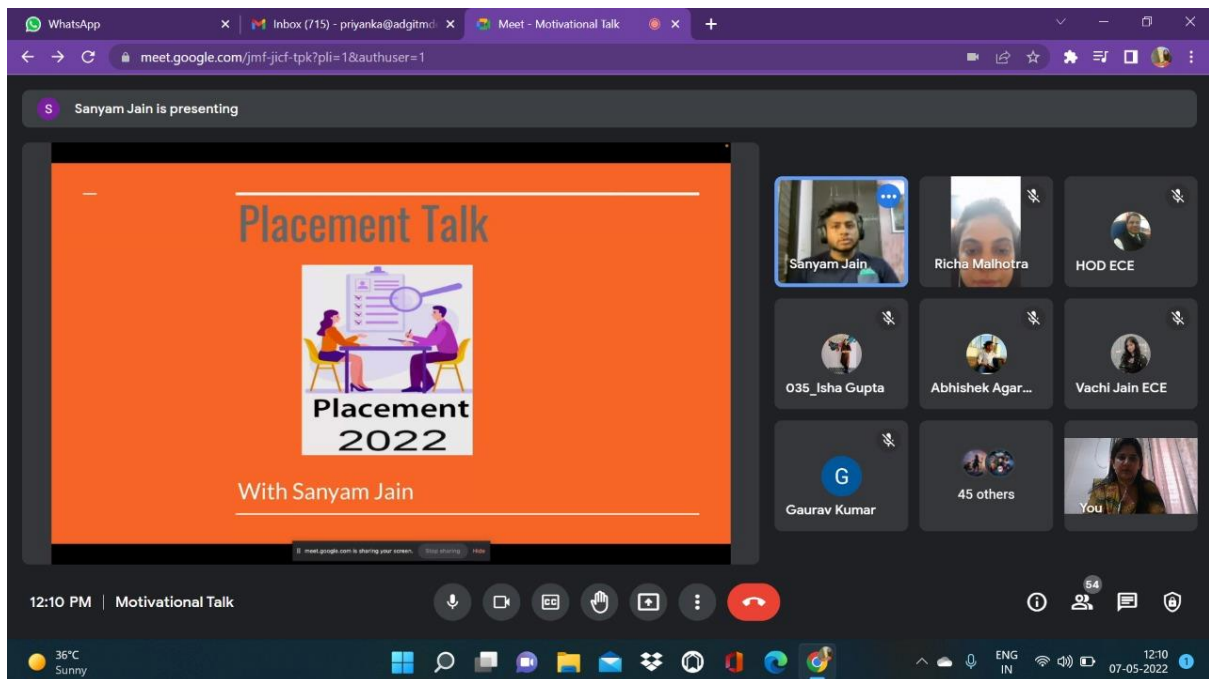

He inspired all the young minds with detailed discussion on the ample of opportunities and career options. He also motivated the students to only go with their passion and interest. He was enthusiastic to create the awareness about the scope of programming language along with data structures. He taught how to make good resume for the job and internship opportunities. An open questioning session was held in the end to resolve all the queries in the mind of the students.

At last the HOD sir and faculty of ECE department appreciated and thanked Mr. Sanyam Jain for sharing his experience and for taking his valuable time.

Outcomes: students interacted and cleared their doubts.

Beneficiaries: Students of ECE departments

S Sanyam Jain is presenting

How to prepare for DSA.

(resources - never pay anyone to learn DSA).

- Love Babber SDE Sheet
- Striver SDE sheet.
- Pep Coding Free Resources.
- Maintain leetcode profile.
- Maintain profile of GFG.
