EVENT : Poster Making Competition on the topic “Sustainable Development”

Date : May 17th , 2022

TIME : 03:00-04:00 PM

Venue : Online Platform (Zoom)

Students : BBA 1st & MBA 1st Year

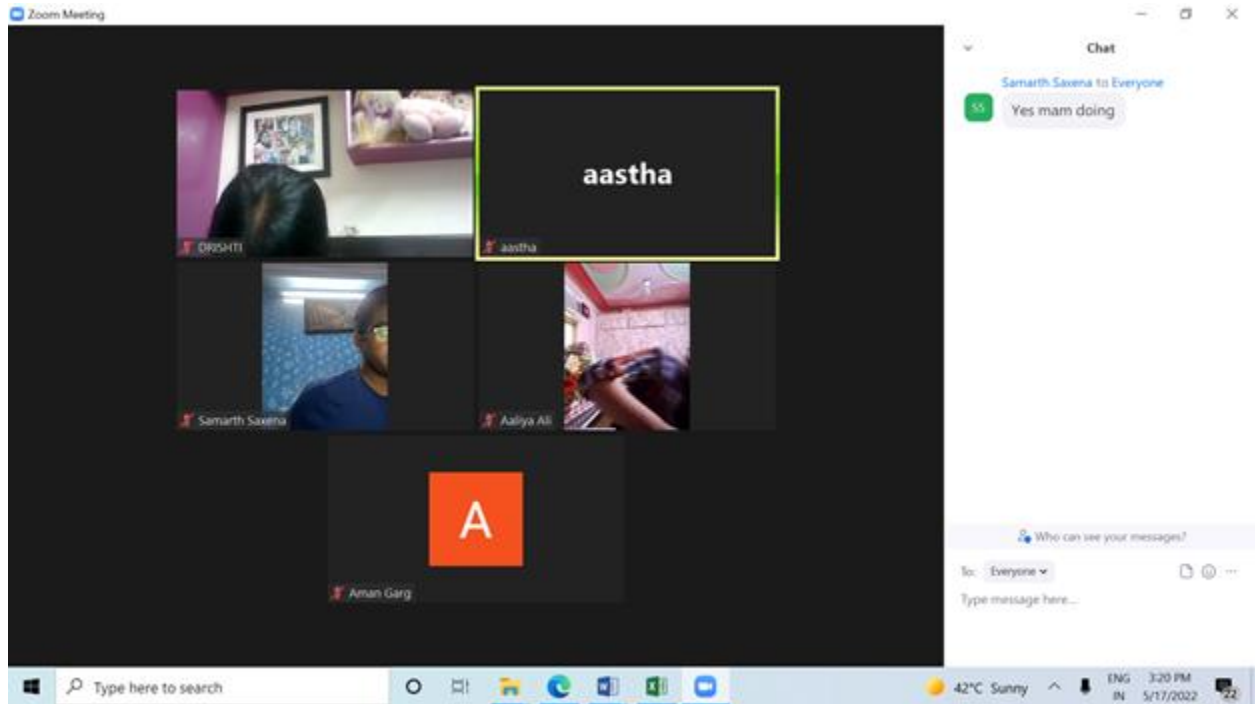

Coordinator : Mr. Aman Garg

OBJECTIVES: To enhance the creative skills of the students and to make them motivated towards creation and invention of new ideas.

REPORT: To help students enhance their creativity on the topic “Sustainable Development” and to sharpen their skills on the basis of their thinking and generating ideas for making poster on the theme. Option was given to students to create handmade or digital poster. Various students have actively participated in the event and performed well to show their creativity and enhance their talent. It was a nice session to see their active participation and showcase their skills.

LEARNING OUTCOME : Gaining insight into the time management of the creativity i.e to perform the particular task on time and its timely submission shows that they have learned about the creativity and its Importance.

Glimpses of the Poster Making Event On the topic Sustainable Development
