# RESEARCH PAPER PROGRAM

IEEE ADGITM conducted its annual Research Paper Program, It's one of the program that separates it from other Societies. This program intends to bring guidance and support any student needs writing their first Research Paper. This Program aims to provide a structured framework that equips students with the necessary tools, knowledge, and support to undertake high-quality research and produce exceptional papers

. The Students were taught the significance of each section and approach needed in each section to produce stellar papers. The Students were paired up with like minded students to produce a combine paper of collective interest.

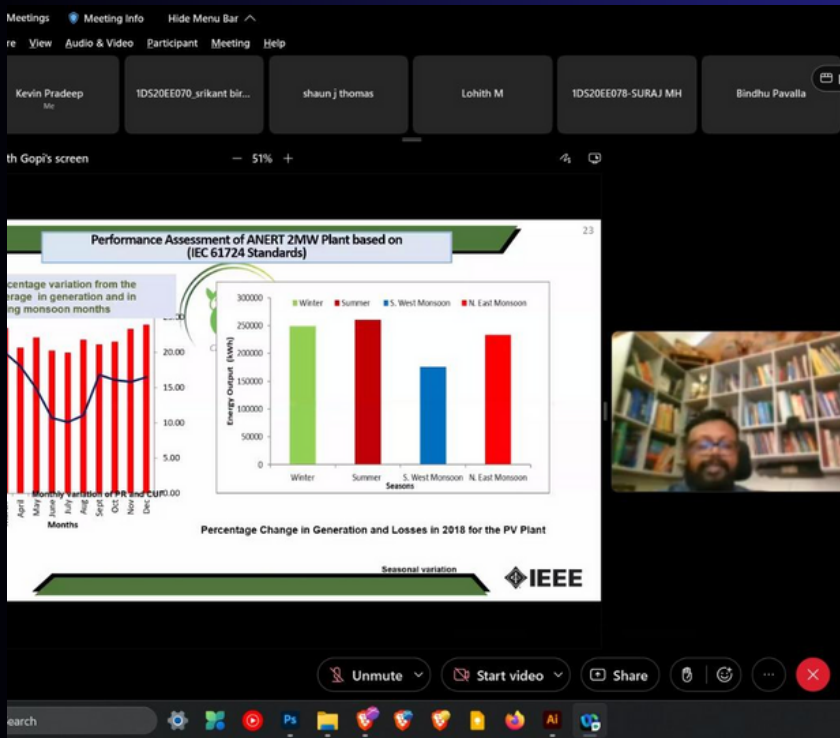

## OBJECTIVES

1. Diving deeper in a particular topic of interest.
2. Understanding the format of a Research Paper and approach to each section.
3. Working in a team and collaborating.

# WEBINAR ON PHOTOVOLTAIC SOLUTIONS HELPING THE GLOBAL ENERGY TRANSITION

26th May, 2023

Dr. Ajith Gopi, heading tech consultancy in Solar PV and Wind Projects at ANERT, Govt of Kerala and Chair-IEEE PES Kerala Chapter, led an expertly executed event, providing an engaging and informative session for attendees, including an interactive Q&A segment. The session began with a warm welcome and an opening address highlighting the pivotal role of Photovoltaic and Solar Energy in the power and energy domain. The speaker, a seasoned professional, delivered a detailed overview of IEEE's mission and activities in the power and energy sector.

One key point emphasized the efficiency of renewable-based electricity, which is two to three times higher than fossil-based systems, promoting a swift transition to renewable energy. Solar PV was highlighted as a prominent choice due to its high potential and lower Levelised Cost of Energy (LCOE). The event's success can be credited to the meticulous planning and execution by the organizing team, creating a conducive platform for learning, networking, and collaboration.

# POSTER-MAKING COMPETITION

An exciting opportunity awaited as the International Yoga Day 2023 Poster Making Competition invited participants to celebrate the art of yoga and showcase their artistic talent. The event took place on June 21, 2023, from 5:00 PM to 6:00 PM, providing a chance for attendees to unleash their creativity and design captivating posters that encapsulated the transformative power of yoga.

Participants were encouraged to let their imaginations run free and create visual masterpieces that resonated with the spirit of International Yoga Day. It was an incredible celebration of art, yoga, and unity, where individuals from all walks of life came together to paint the world with the colors of peace and mindfulness. It was an opportunity not to be missed, allowing participants to be part of a unique and enriching artistic experience.

## POSTER MAKING Competition

**TOPIC: 2023 INTERNATIONAL YOGA DAY**

**ONLINE MODE**

Wednesday, 21st June  
5:00-6:00pm

\*Last Date of Submission is 22nd June  
\*E - certificates for all the participants

#ShapingGenerations

The poster features a central illustration of a woman in a black yoga outfit performing a standing balance pose (Urdhva Dhanurasana) against a background of stylized green and yellow foliage. Logos for the institute, BBD, and G20 are also present.

# IEEE Explore Digital Library Training Session

21st June, 2023

IEEE-ADGTM organized a training session on IEEE Explore Digital Library. This training provided an excellent opportunity for participants to discover platform features, learn new tips and tricks, and ask questions to improve their research skills and make the most of their IEEE subscription.

The session included the following highlights:

- An introduction to the IEEE Explore Digital Library platform.
- An introduction to Code Ocean, a platform for reproducibility.
- An introduction to the new Author profile page.
- Updates on new journals and conferences from 2021 and 2022.
- Insights into making research-related decisions faster and improving problem-solving through various search functionalities.
- Time-saving features for research, allowing participants to focus on relevant articles.
- Various tools for discovering relevant articles.
- Staying up-to-date with technology through alerts on new articles and journal issues in their areas of interest.
- Identifying potential collaborators within their field of research.

All respected faculties and staff members were invited to join the training session. The event took place on June 21, 2023, at 11:00 am in the Auditorium at ADGITM. The guest speaker, Mr. Ritesh Kumar, Senior Training Manager from EBSCO Information Services, shared valuable insights during the session.
