## **REPORT**

### **Seminar on the topic "Masters Abroad-MS//MBA/MIM"**

**Date of Event:** 21<sup>st</sup> September 2023

**Venue:** Auditorium

**Objectives:** To brief students on the various paths they can follow after their graduation for pursuing masters abroad.

**Delegates (Speakers, Outsiders):** Jamboree Pvt. Ltd.

#### **Key Takeaways:**

- Understanding the application process for Masters programs abroad.
- Exploring different study destinations and their unique features.
- Insights for appearing and clearing standardized tests like GRE, GMAT, TOEFL, or IELTS.
- How to select the right university and program.
- Financial planning and scholarships for international students.
- Visa application procedures and post-arrival arrangements.
- Information about useful resources available with Jamboree and other online resources for prospective Master's students.

#### **Description:**

Jamboree hosted an expert lecture on pursuing Masters abroad, offering invaluable insights for aspiring international students. The event featured comprehensive discussions on key topics such as application procedures, university selection, standardized tests, financial planning, visa applications, and post-arrival arrangements. Participants were engaged in a vibrant Q&A session, delving deeper into their queries with the knowledgeable speakers. Attendees expressed high satisfaction with the content and found the session immensely beneficial for their academic pursuits. Moving forward, attendees were also encouraged to schedule individual counseling sessions with Jamboree experts to further refine their plans.

**Outcomes:** 100 students along with 12 faculty members benefited from the expert lecture.

**Beneficiaries:** Students from Engineering Branches (AIML AI&DS, CSE, IT).
