REPORT

CompUtsav 1.0

“Coding Brainstorming”

Date of Event: 13th October 2023 (10:00 am-11:00 am)

Venue: Lab No. 2, Department of CSE (Block-4)

Objectives: To conduct a coding competition for checking the coding skills of the students.

Activities: Coding Brainstorming is a coding competition that was conducted for the computer science students.

Key Takeaways:

The Programming quiz took place in the laboratory in department of CSE (Lab-2). Students were provided the computer systems to participate in the event. The level of the competition was to ensure how much knowledge they can apply for attempting the programming question. The duration was of 1 hour. After the competition ended the outputs were analysed and based on that, winners were declared. Students participated with great enthusiasm and showed their creativity by implementing the given problem in different programming languages.

Outcomes: 32 students registered for the event and winners for the same were announced via mail.

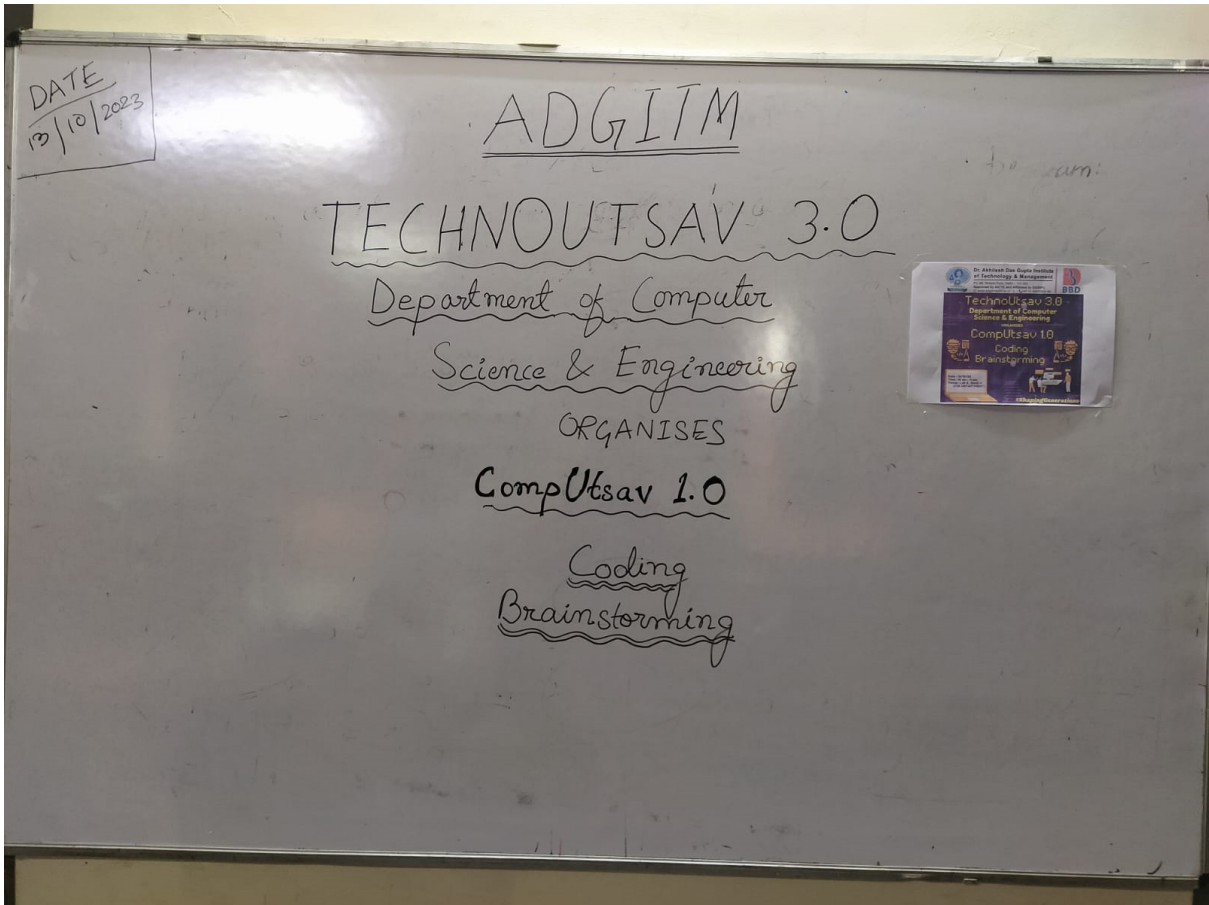

Winners:

1st Position: Abhijeet Gupta, (2nd year, CSE)

2nd position: Aradhy Umesh (2nd year, CSE)

Beneficiaries: CSE, IT, AI&DS, AI&ML students.
