Objectives: To inspire creativity and imagination through a Canva-based design competition.

Activities: Design creation using the Canva platform based on a surprise topic.

Key Takeaways:

- Students explored their creativity and design thinking.
- Participants engaged in on-the-spot problem-solving and theme interpretation.
- The event encouraged collaboration and innovative visual storytelling.
- Winners were rewarded with cash prizes and recognition.

Description:

The Department of AIML, in association with IEEE ADGIPS WiE, Datazoic, and Kritrim DHI, organized the event “Canvas Reverie” on 17th April 2025 at AIML Lab-2 (Rooms 2205, 2208 & 2211). With an objective to inspire creativity, students were challenged to design graphics using Canva on a surprise topic revealed during the event.

With a registration fee of ₹10, the event attracted a large number of participants eager to showcase their artistic abilities. Students curated, composed, and presented innovative designs within a limited time frame. The event culminated with the judging of designs and the announcement of winners, who were awarded cash prizes and certificates of recognition.

Outcomes: The event provided a platform for students to unleash their creativity and think outside the box. It encouraged collaboration, peer learning, and fostered interest in using digital tools like Canva for academic and professional purposes.

Beneficiaries: Students from various departments participated and honed their skills in design and creativity.
