REPORT

Seminar on “Generative AI”

Date of Event: 3rd September 2025

Venue: Auditorium

Objectives: The objective was to enhance students' understanding of Generative AI and provide valuable insights into data generation, analysis techniques, and the application of Generative AI in real-world scenarios.

Delegates (Speaker): Prof. (Dr.) Vishal Bhatnagar Head of Department (CSE), Netaji Subhas University of Technology (NSUT, East Campus)

Activities: Seminar on “Generative AI,” organized by Kritrim Dhi - The Official Society of Artificial Intelligence & Machine Learning Department on 03rd September 2025 at 12:00 PM onwards in Auditorium.

Key Takeaways:

- Creates new, original content.
- Prompt engineering is crucial for getting accurate results.
- Ethics and bias are crucial.
- Real-World Use Cases & Interactive Learning

Description: The lecture began with an introduction by Prof. (Dr.) Vishal Bhatnagar, who shared his vast experience in Generative AI. He initiated the session by engaging with the audience through thought-provoking questions and then delved into the fundamentals of Generative AI, Prompt Engineering, Challenges and Future of Generative AI. The speaker effectively explained the real-time use of Gen AI in various industries and encouraged students to explore the growing field through case studies and practical examples. The session was highly interactive and insightful.

Outcomes: 180 students, along with 8 faculty members, benefited from the seminar.

Beneficiaries: Students of the AIML Department.
