**Highlights of the event:**

The institution of Engineers (India), IEI, Delhi state centre organised a seminar on 'Next-Gen Cyber security'. The seminar held at Engineers Bhavan, Bahadur Shah Zafar Marg on 28<sup>th</sup> Feb. 2026. The program started at 11 am with the opening speech from the Chairman of IEI, Er. Sat Pal Singh. Speakers of the seminar were veteran in the field of cyber security from the renowned institute of the country, IIT Roorkee. First presentation was given by Dr. Sharma Naveen Kumar, Research associate from IIT, Roorkee, on Cyber Physical Systems.

The chief guest of the event was Mr. Sumit Kumar Jha, Additional Deputy Commissioner of Police (New Delhi). In his address, he told the audience about modus operandi of various cyber crimes happening in the society. Prof. Bhavesh Kumar Bhalja, Head of Electrical Engg. department, IIT-R gave the next presentation of the event on Cyber security. In this presentation, he emphasised on need of incorporating cyber security layer in smart vehicles and smart grids.

Third speaker of the event was Dr. Ajay Kumar, Associate Professor from IILM University, Greater Noida. He talked about deep-fake based cyber crimes. Last presentation was given Dr. R.P. Maheshwari, a retired professor from IIT-R. Dr. Maheshwari highlighted the idea of various policy frameworks and capacity building in the field of cyber-security. The event concluded with the vote of thanks from the secretary of IEI, Mr Parmod Kumar. A total of 19 students from our

college attended the seminar. Various B tech. students from other colleges of Delhi were also present in the event. This seminar gave an insight about cyber-security technologies.
