**PROF. (DR.) NIRANJANA BHATTACHARYYA**  
DIRECTOR, ADGIPS

**Dr. Akhilesh Das Gupta Institute of Professional Studies (ADGIPS) is now in its nineteenth year with great success as a premier technical institution. It has emerged as one of the most preferred institutes of Engineering, Management & Law.**

We are today among the best education providers in the GGSIPU system. Our results are exemplary both from the point of view of merit as well as from the placement perspective. Our students have been placed in the best organizations of the country. Many have gone abroad for higher studies. The last Seven years have been a challenging and rewarding experience for us.

With an aim to remain quality conscious, efficient and responsive to today's rapidly changing economic and technological developments, ADGITM has taken up the challenge not only to give technical and corporate training to the students, but also make them self-confident, better human beings with leadership qualities.

Babu Banarsi Das International Group of Educational Institutions has evolved as a symbol of quality education dedicated to nurture the talent and aspiration of the dynamic, vibrant & bright youth of our country. Globalization has brought in its wake an emphasis on consumer concerns, such as quality (quality assurance is the need of the hour for continuous upgradation), infrastructure and teaching-learning processes. Economic restructuring of any country heavily depends on the institution's performance and technology-driven teaching practices. Dr. Akhilesh Das Gupta Institute of Technology & Management, New Delhi has introduced such practices to develop young students as engineers to meet these demands of society. Our students are creative and highly professional.
