

# **Dr. AKHILESH DAS GUPTA INSTITUTE OF PROFESSIONAL STUDIES**

**FC-26, SHASTRI PARK, NEW DELHI.**

**Department of Computer Science & Technology**

---

**Date:** 18<sup>th</sup> November 2025

## **REPORT**

**On**

**Industrial Visit to Network Bulls Pvt. Ltd.**

**Date of Event:** 18<sup>th</sup> November 2025

**Venue:** Network Bulls Pvt. Ltd., Gurgaon

**Time:** 10:00 AM to 02:00 PM

### **Objectives:**

The Industrial Visit to **Network Bulls Pvt. Ltd.** was organized to provide students with valuable **exposure to advanced networking technologies, hands-on lab environments, and career opportunities in Cisco certification domains.** The aim was to **connect theoretical learning with industry practices,** thereby enabling students to visualize the applications of networking concepts used in professional environments.

### **Organized By:**

The industrial visit was organized by the **Department of Computer Science & Technology, ADGIPS,** as part of the department's continuous effort to

enhance **students' industrial awareness and technical understanding through real-world exposure.**

### **Activities:**

During the visit, students were warmly welcomed by the team at Network Bulls Pvt. Ltd., Gurgaon. The industrial visit commenced with **an interactive lecture delivered in a smart classroom**, where **industry professionals gave an overview of network infrastructure, Cisco certifications, and their career relevance.** Later, students visited **practical networking labs**, where they observed the setup and functioning of routers, switches, and network configuration systems under expert supervision.

To make the experience engaging, **a quiz competition was held for the participating students**, testing their understanding of concepts discussed during the session. Winners received **certificates of appreciation** from the company. Additionally, the faculty coordinators were given **certificate of coordination and goodies** as a gesture of welcome and collaboration from Network Bulls Pvt. Ltd.

### **Key Takeaways:**

- Students gained **practical exposure to real-world networking systems and Cisco lab configurations.**
- The session provided **insights into career pathways in networking, including globally recognized Cisco certifications.**
- The on-site **quiz helped students revise key concepts and develop confidence** in their technical understanding.
- The visit encouraged students to pursue **skill-based learning aligned with industry expectations.**

## **Description:**

The Industrial Visit to **Network Bulls Pvt. Ltd.** served as an **interactive learning experience that bridged the gap between academia and industry.** The students not only understood theoretical aspects such as **IP networking, routers, switches, and protocol configurations** but also got to observe how **professionals troubleshoot, configure, and maintain enterprise-level networks.** The guidance and mentorship provided during the session motivated students to gear their learning towards **professional certifications and practical skill enhancement.**

## **Outcomes:**

The visit provided students with **first-hand exposure to Cisco networking technologies and the functioning of an advanced lab environment.** Students developed a clearer understanding of **network device configuration, security, and infrastructure management.** The quiz winners and the recognition of faculty coordinators strengthened the spirit of industry-institute collaboration, making the **visit both educational and memorable.**

## **Beneficiaries:**

The primary beneficiaries of this visit were the students of the **Department of Computer Science & Technology, ADGIPS,** who acquired an understanding of real-world industrial networking practices and career prospects in this field.

Info\_graphics:

The graphic is a vertical poster for an industrial visit. At the top left is the logo for ADG Institute of Professional Studies, and at the top right is the logo for BBD. Below these is the text 'Department of Computer Science & Technology'. The main title 'INDUSTRIAL VISIT' is in large red letters. Below that is the logo for 'NETWORK BULLS' with the tagline 'WHERE CAREERS FLY'. An illustration shows three people working in a server room. At the bottom, a white rounded rectangle contains the date '18 November 2025', the time '10:00 AM', and the branch 'B.TECH BRANCH (CST)'. A dark blue bar at the very bottom contains a location pin icon and the address 'Old Delhi Road, Sector 14, Gurugram'.
