2025-2026

WHERE MACHINES LEARN,
AND INNOVATION BEGINS.

MESSAGE FROM HEAD OF DEPARTMENT

PROF. (DR.) ARCHANA KUMAR

Dear Readers,
Greetings!

It gives me great pleasure to present the second edition of the AI & Data Science (AI&DS) Department Newsletter. This edition highlights the achievements, innovations, and vibrant activities undertaken by our students and faculty.

Our department is committed to nurturing future-ready professionals equipped with strong fundamentals in Artificial Intelligence and Data Science. With a dynamic academic environment and a team of dedicated and experienced faculty members, we strive to inspire our students to develop technical excellence, critical thinking, and a spirit of collaboration.

At ADGIPS, we believe in holistic development. We provide students with ample opportunities to grow through a well-balanced blend of curricular, co-curricular, and extracurricular engagements. It is our constant endeavor to empower students to explore their potential, sharpen their skills, and become responsible contributors to society and the industry.

I am confident that the learning journey here will be enriching and transformative for every student. As the Head of the Department, I take immense pride in being part of an institution that prioritizes the all-round development and education of its students.

Warm wishes to all as we continue striving for excellence.

Prof. (Dr.) Archana Kumar

Head of the Department
Artificial Intelligence & Data Science
ADGIPS

VISION

To enable the modern society with skilled engineers in the field of Artificial Intelligence & Data Science, thereby bringing transparency and effectiveness in decision making for the overall welfare of mankind.

MISSION

Mission 1: To produce competent Artificial Intelligence & Data Science professionals to serve the needs of society.

Mission 2: To prepare industry-ready engineers, trained in modern tools and techniques of Artificial Intelligence & Data Science.

Mission 3: To foster innovative research work in the area of Artificial Intelligence & Data Science and allied areas, leading to quality decision-making.

PEO

PEO 1

Graduates shall thrive in the field of Artificial Intelligence & Data Science by utilizing their gained knowledge and abilities to build practical and viable engineering solutions.

PEO 2

Graduates shall be adaptable to new technologies and advances in order to achieve professional excellence.

PEO 3

Graduates shall be able to effectively manage resources and pursue their careers with integrity, ethics, and social responsibility.

**One-Day Workshop on
"AI Agents and Autonomous Systems: The Next Frontier
of Generative AI"
18th OCT 2025**

Department of Artificial Intelligence & Data Science
is Organising an

ALUMNI SEMINAR

On
"AI Agents & Autonomous Systems:
The Next Frontier of Generative AI"

SPEAKER
Mr. Hardik Sharma
